

The Army Suicide Prevention Program

Suicide Prevention and Awareness Training for the United States Army

Prepared by

The American Association of Suicidology

and

The U. S. Army Center for

Health Promotion and Preventive

Our Mission

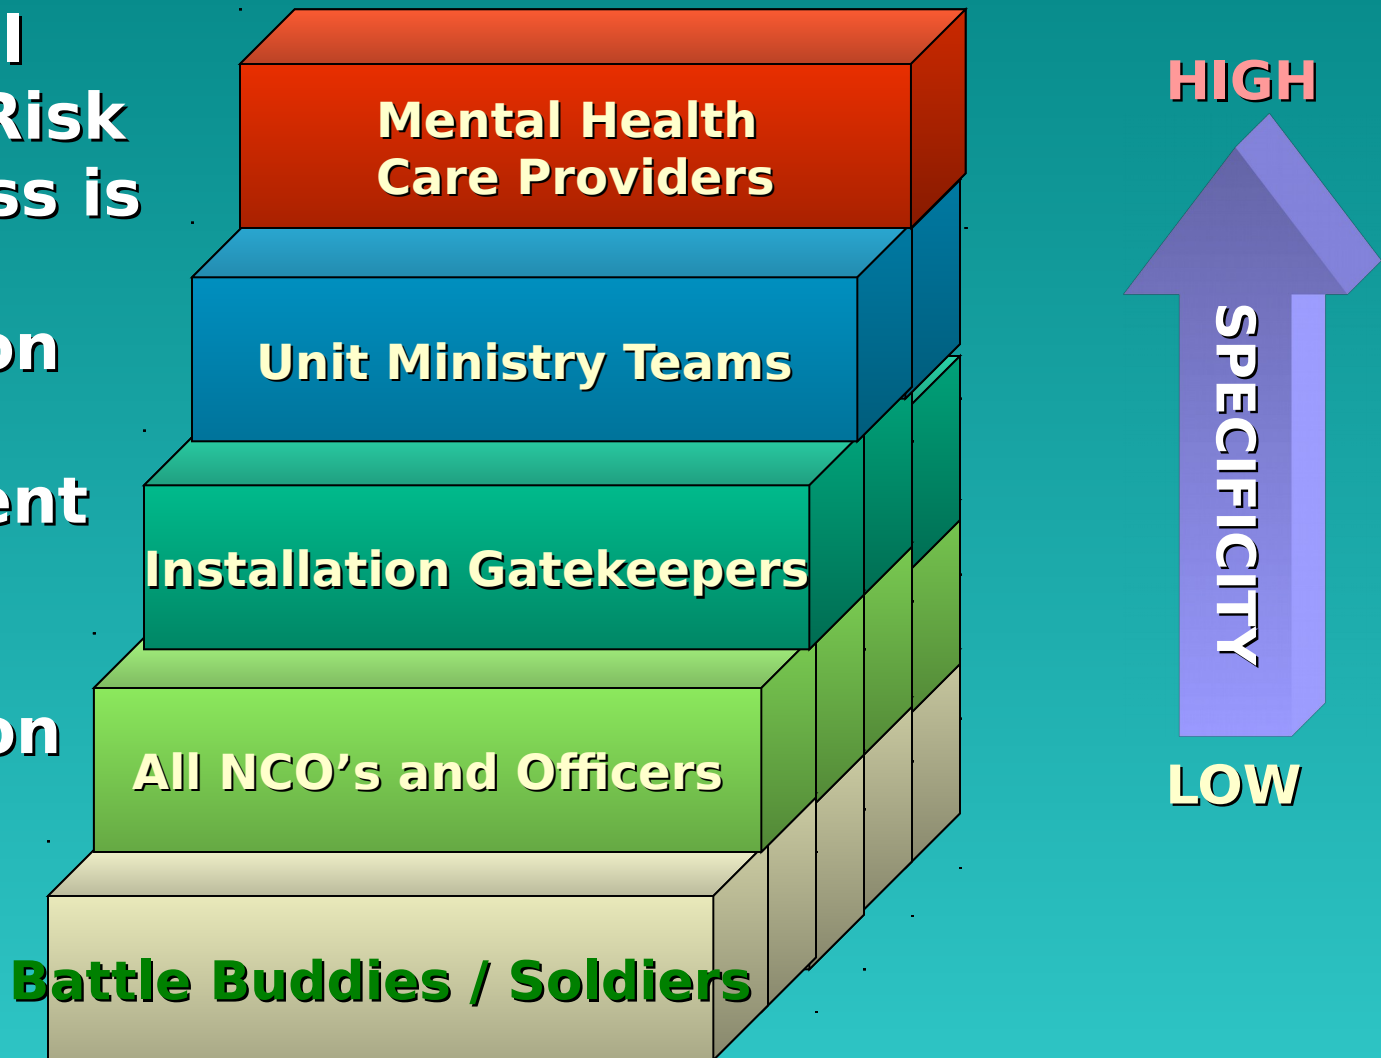

**Minimize Army suicidal
behavior by encouraging
help-seeking and
providing “Buddy Care.”**

The Army Suicide Prevention Program is based on trained and ready personnel at all levels. The mission of all personnel is to encourage help-seeking behaviors and to attain proficiency in the “Buddy Care” principles in this training module.

Levels of Training

Individual Suicidal Risk Awareness is the foundation for all subsequent levels of Suicide Prevention Training.

Support: Learning Objectives

- 1. Describe primary, secondary, and tertiary suicide prevention.**
- 2. Identify personal and environmental protective factors.**
- 3. Know information about local support resources and programs.**

Support: Learning Objectives

- 4. Promote cohesion and a sense of belonging.**
- 5. Encourage help seeking behavior.**

Army Suicide Prevention and Awareness Training

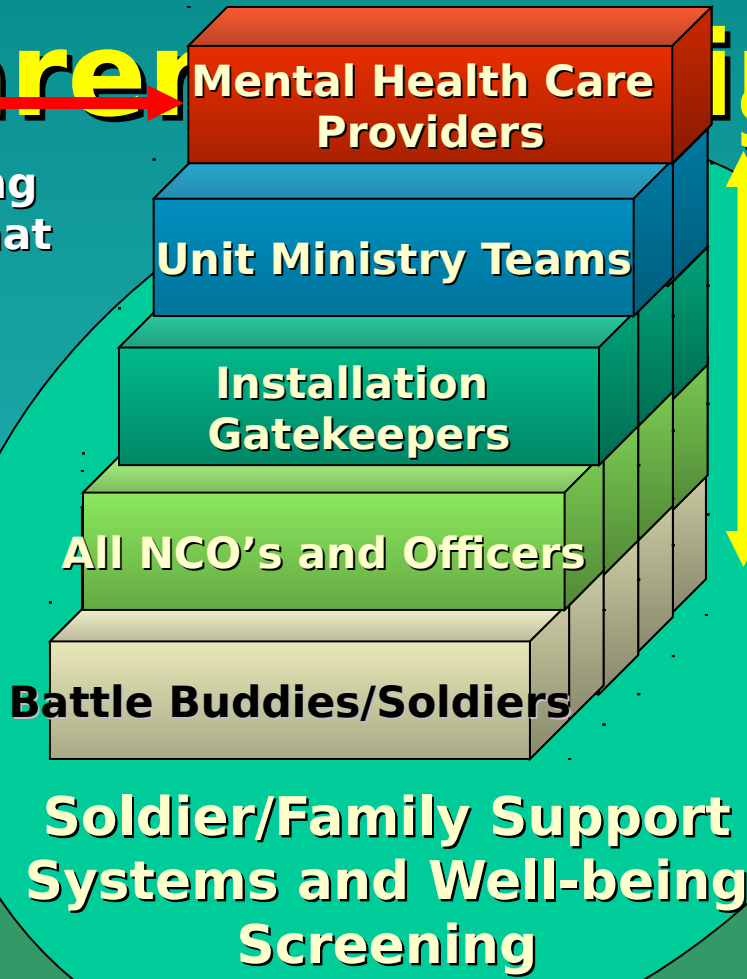

TERTIARY → **SECONDARY**

Recognizing and treating psychiatric disorders that result in acute suicidal Behaviors.

Recognizing the obvious signs and symptoms distress/crisis and potential emotional/mental disorder while providing caring support and needed Interventions.

PRIMARY →

Anticipating potential times of crisis and structuring pre-emptive support systems.

Personal Protective Factors

- ◆ **Easy temperament.**
- ◆ **Previous experience with self-mastery, problem solving, and crisis resolution.**
- ◆ **Optimistic outlook.**
- ◆ **Social/emotional competence.**
- ◆ **High self esteem, self worth.**

Personal Protective Factors

- ◆ **Decision making, problem solving skills.**
- ◆ **Sense of personal control, self efficacy.**
- ◆ **Sense of belonging to a group and/or organization.**
- ◆ **High and realistic expectations.**
- ◆ **High spiritual resiliency.**

Environmental Protective Factors

- ◆ **Strong family relationships.**
- ◆ **Models of healthy coping.**
- ◆ **Encouragement of participation.**
- ◆ **Opportunities to make significant contributions.**

Environmental Protective Factors

- ◆ **Available social supports.**
- ◆ **Available helping resources.**
- ◆ **Healthy spiritual/religious affiliation.**
- ◆ **Cultural and religious beliefs against suicide and in support of self-preservation.**

Support

- ◆ **The Reasons for Living Inventory, Linehan, Goodstein, Nielsen & Chiles (1983)**
- ◆ **Spirituality and Resilience Assessment Packet, Version 4.2, Kass (2000)**

Connections save lives.

- ◆ **Spiritual connectedness.**
- ◆ **Unit cohesiveness.**

**Seeking help is a sign of
effectively dealing with
problems, and of strength
rather than weakness.**

**A good leader does not
expose those under
his/her command to
unnecessary risk.**

Support

- ◆ Promote a norm of mutual Buddy Care among all military personnel:
“We **are** our brother’s keepers!”
- ◆ Pay attention to warning signs and respond to those who need help.

Support

- ◆ **Pay close attention to the personal needs of your people and be on the lookout for signs of stress.**
- ◆ **Communicate in your words and actions that it is not only acceptable, but a sign of strength, to recognize life problems and get help to deal with them constructively.**

Support

- ◆ **Support and protect to the fullest extent possible those courageous people who seek help early, before a crisis develops.**

Support

- ◆ **Create a responsive, caring, and responsible environment where individuals are motivated to seek help with personal struggles without fear of being singled out.**

Support

- ◆ **Foster a social climate in your unit that communicates to everyone, “You belong here.”**

Screen: Learning Objectives

- ◆ Understand the benefits of gated screening.
- ◆ Be informed about the confidentiality of screening results.
- ◆ Be informed about secondary screening instruments.

Screen

- ◆ **The Army Structure makes screening viable.**
- ◆ **Screening must be gated.**
- ◆ **The Suicide Prevention Standing Committee collects and reports anonymous data.**

Goldberg Well-Being Scale (1972)

response: In the last two weeks have you:	Please circle the most appropriate			
	<i>Not at all</i>	<i>No more than usual</i>	<i>A little more than usual</i>	<i>A lot more than usual</i>
1. been 1 able to concentrate on whatever you're doing?	1	2	3	4
2. lost 2 much sleep over worry?	1	2	3	4
3. felt 3 that you are playing a useful part in things?	1	2	3	4
4. felt 4 capable of making decisions about things?	1	2	3	4
5. felt 5 constantly under strain?	1	2	3	4
6. felt 6 that you couldn't overcome your difficulties?	1	2	3	4
7. been 7 able to enjoy your normal day-to-day activities?	1	2	3	4
8. been 8 able to face up to your problems?	1	2	3	4
9. been 9 feeling unhappy and depressed?	1	2	3	4
10. been 10 losing confidence in yourself?	1	2	3	4
11. been 11 thinking of yourself as a useless person?	1	2	3	4
12. been 12 feeling reasonably happy, all things considered?	1	2	3	4

Screen

- ♦ **Goldberg Well-being Scale information will be disclosed only to the individual and will be used only to assess and assist personnel during of times of distress.**
- ♦ **Unit Trends may be reported to the Unit Commander as a gauge of his/her unit well-being.**

Screen

- ◆ **Multidimensional Health Profile (MHP) Ruehlman, Lanyon & Karoly**
- ◆ **Life Stressors and Social Resources Inventory (LISRES-Adult), Moos**

Gatekeeper Lesson 1

All Personnel

Gatekeeper Lesson 1

Learning Objectives

- 1. Understand The Suicide Model.**
- 2. Answer general questions about suicide.**
- 3. Identify common precipitants of suicide.**
- 4. Identify symptoms of depression.**
- 5. Identify myths about suicide.**
- 6. Identify warning signs of suicide.**
- 7. Take appropriate action in response to at-risk individual.**

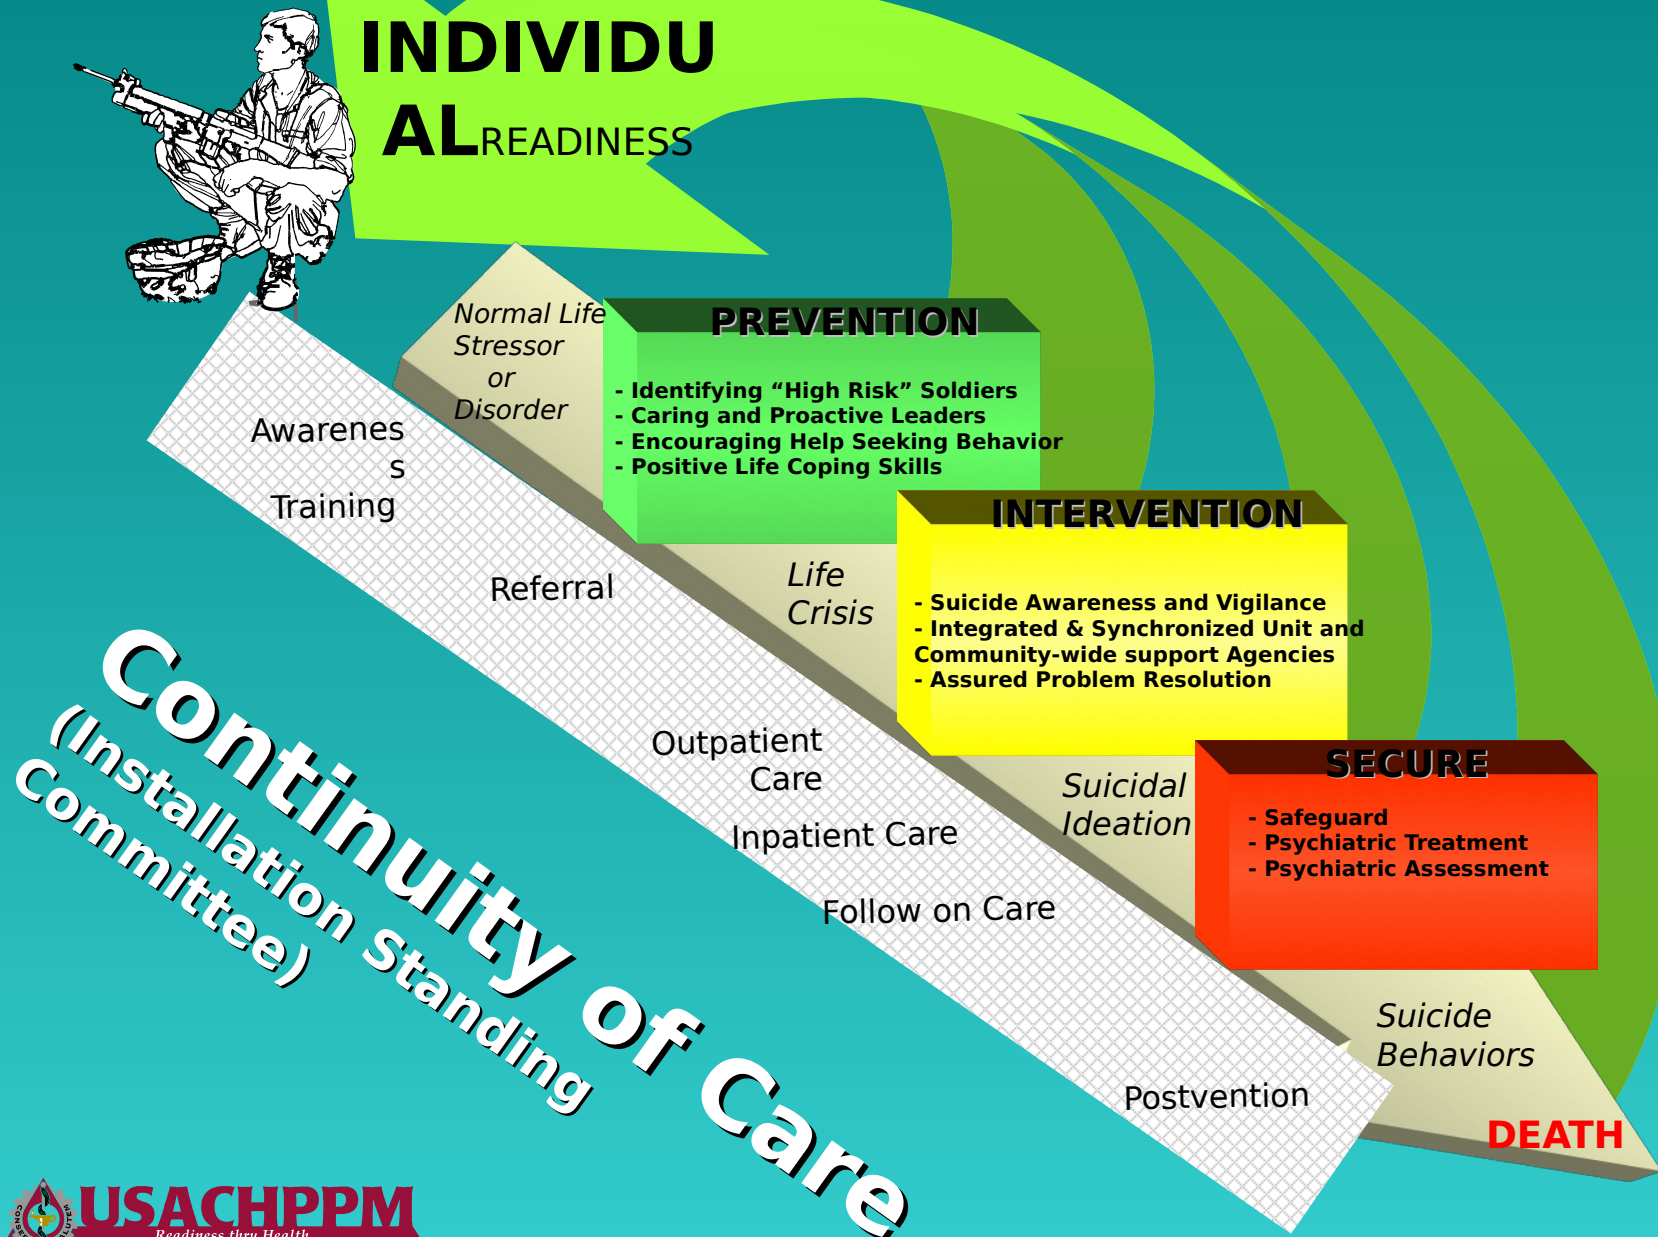

Main Points

- ◆ **The Suicide Model.**
- ◆ **What is suicide?**
- ◆ **Why should we know about suicide?**
- ◆ **Why do people commit suicide?**
- ◆ **Some stressful situations that can trigger suicidal feelings in the Army.**
- ◆ **Who commits suicide?**

Main Points

- ◆ Special problems that can cause suicidal feelings.
- ◆ Misconceptions about suicide.
- ◆ How can you tell if someone is thinking about committing suicide?
- ◆ Common symptoms of depression and hopelessness.
- ◆ Referral procedures.

The Army Suicide Prevention Model

Suicidal Behavior

- ◆ **Serious suicidal thoughts or threats.**
- ◆ **Self destructive acts.**
- ◆ **Attempts to harm, but not kill oneself.**
- ◆ **Attempts to commit suicide.**
- ◆ **Completed suicide.**

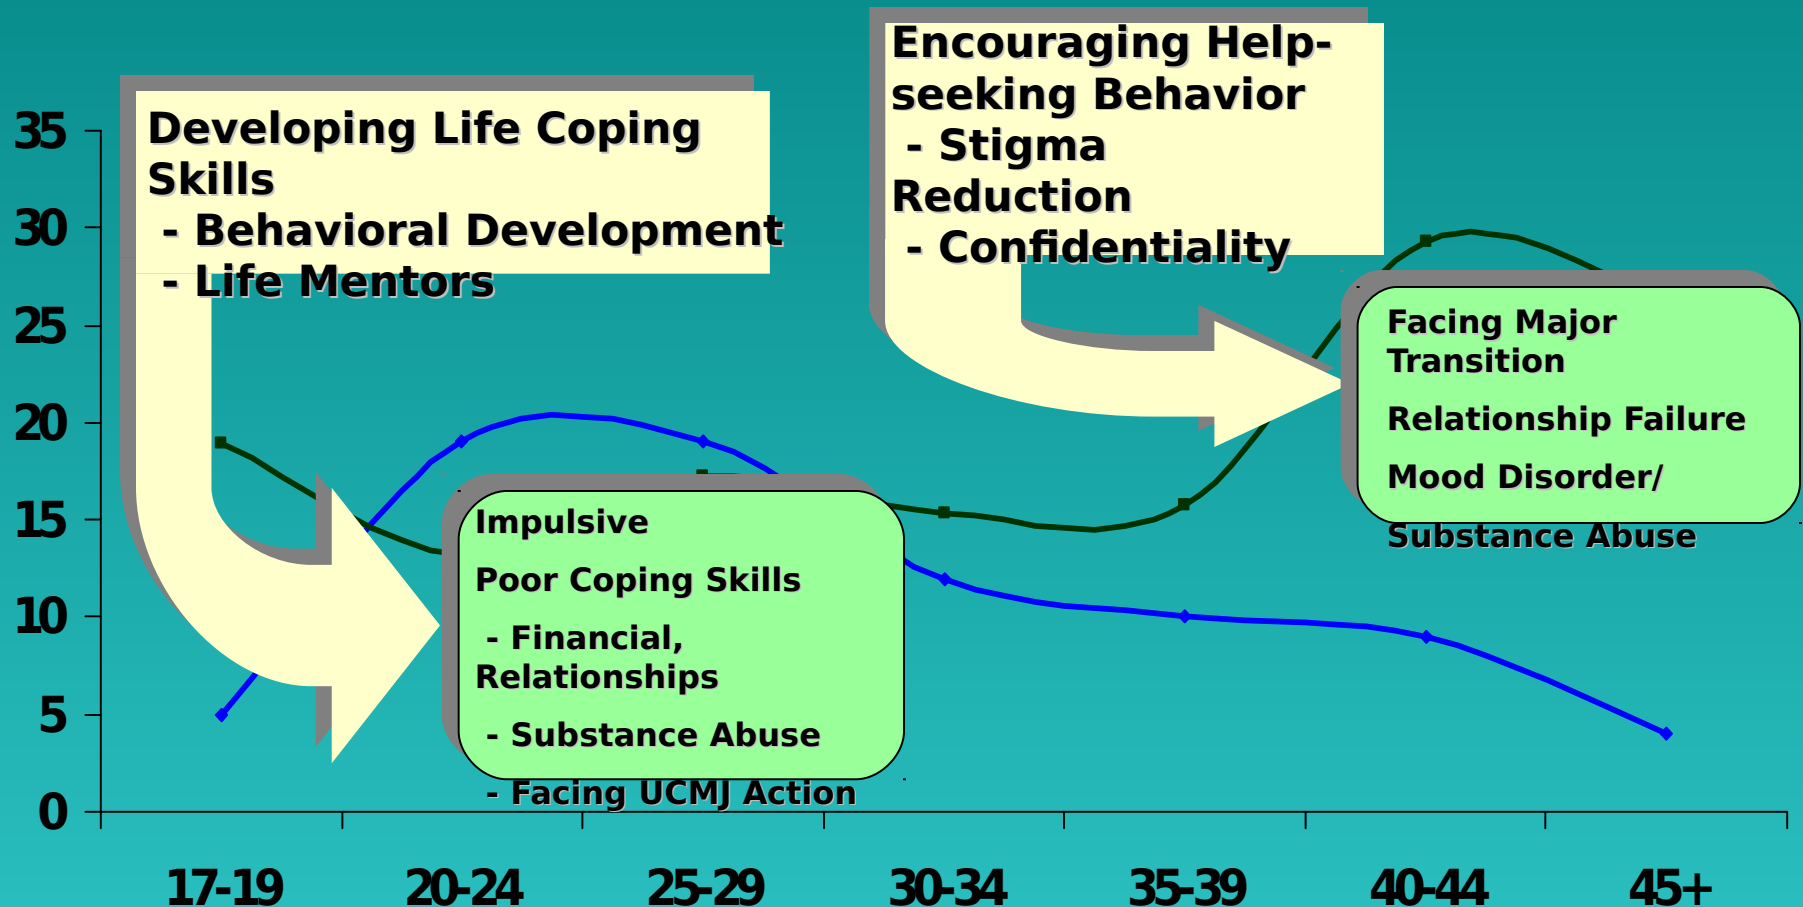

Triggers of Suicidal Behavior

- ◆ A bad evaluation for an enlisted soldier or officer.
- ◆ The breakup of a close relationship.
- ◆ Drug or alcohol abuse.
- ◆ Reunion from a long field training or isolated tour.
- ◆ Leaving old friends.
- ◆ Being alone with concerns about self or family.
- ◆ Financial stressors.
- ◆ New military assignments.

Triggers of Suicidal Behavior

- ◆ Recent interpersonal losses.
- ◆ Loss of esteem/status.
- ◆ Humiliation.
- ◆ Rejection (e.g., job, promotion boy/girlfriend).
- ◆ Disciplinary or legal difficulty.
- ◆ Suicide of a friend or family member.
- ◆ Discharge from treatment or from service.
- ◆ Retirement.

Our Mission

**Minimize Army suicidal
behavior by encouraging
help-seeking and
providing “Buddy Care.”**

Since our previous program began in 1987, we have failed to make a significant impact on our suicide rates, in fact, in CY 99, our rates have actually increased and are at a 22 year high.* The time has come for a new campaign plan directing a “full court press” on suicide prevention to minimize such unnecessary loss of life.

Gatekeeper Lesson 2

Learning Objectives

- 1. Inquire about suicide.**
- 2. Respond to phone callers.**
- 3. Obtain help for suicidal individuals.**

Responding to Statements or Threats

- ◆ Stay calm.
- ◆ Send someone for help.
- ◆ Do not leave alone.
- ◆ Buy time.

Responding to Statements or Threats

- ◆ **Acknowledge.**

- ◆ **Listen.**

- ◆ **Convey.**

Responding to Statements or Threats

- ◆ Secure.
- ◆ Note the time.
- ◆ Take action.

Asking About Suicide

- ◆ Review your evidence.
- ◆ Inquire or state about feelings.
- ◆ Persist.
- ◆ “Sometimes” approach.

Asking About Suicide

- ◆ **Ask directly.**
- ◆ **Get help.**
- ◆ **Convey concern.**

Gatekeeper Lesson 3

Learning Objectives

- ◆ **Identify risk factors for suicide.**
- ◆ **Conduct basic risk assessment.**

Risk Assessment Questions

- 1. Have you been thinking of killing yourself?**
- 2. What has happened that makes life not worth living?**
- 3. How will you do it?**
- 4. How much do you want to die?**

Risk Assessment Questions

- 5. How much do you want to live?**
- 6. How often do you have these thoughts?**
- 7. When you think of suicide, how long do the thoughts stay with you?**
- 8. Have you ever attempted suicide?**

Risk Assessment Questions

- 9. Have you been drinking heavily lately or taking drugs?**
- 10. Has anyone in your family committed or attempted suicide?**
- 11. Is there anyone or anything to stop you?**
- 12. On a scale of 1 to 10, what is the probability that you will kill yourself?**

Our Mission

**Minimize Army suicidal
behavior by encouraging
help-seeking and
providing “Buddy Care.”**

Since our previous program began in 1987, we have failed to make a significant impact on our suicide rates, in fact, in CY 99, our rates have actually increased and are at a 22 year high.* The time has come for a new campaign plan directing a “full court press” on suicide prevention to minimize such unnecessary loss of life.
